Portland, OR 97211

Thank you!

How it works...

- **CONFIRMATION:** After we receive your completed registration form, someone from the PFTP office will be in touch to confirm it was received, and to share some valuable, free resources with you.
- **PRE-HARVEST CHECK-IN:** Please remember to **call or email** Portland Fruit Tree Project at least 2 weeks in advance of when you think your orchard is ripe for harvesting!
- **SITE VISITS:** After we receive your notice, the next step is to schedule a site visit, in which we'll check out your orchard to determine if and when we can harvest.
- **HARVESTING:** If possible, we'll schedule a harvesting party. An organized group of volunteers will come and harvest your orchard on a pre-arranged day and time. You are encouraged to join the fun, but it's not necessary. *All harvesting party volunteers will be trained in proper harvesting methods and sign a waiver of liability.*
- **PLEASE NOTE:** While we do our best to harvest as many trees as possible each year, we cannot guarantee that we will be able to harvest all registered trees.

Thank you for registering your tree!
